he spoke to teyo

Thursday, June 2nd

i don't like teyo

and it has nothing to do with his ethnicity but rather that i find him a big misogynist

like he didn't learn to at least keep those thoughts to himself

Kathy Yost 6:12 AM
He is a misogynist that's evident

No he lives in a world where that's part of the persona

Janine Yorio 6:12 AM
when he told everybody in the office (with disgust) that the girl who he was crashing with had her period (insinuating that he couldn't sleep with her as a result) that really put me off

that's across the line

and i can talk super dirty with the best of them (wall street)

Kathy Yost 6:13 AM
I would have walked him out into the hall and slammed him

I don't care how big anyone is

Janine Yorio 6:13 AM
but the problem is i might be adding to the problem

Kathy Yost 6:14 AM
Why

Janine Yorio 6:14 AM
i was joking with him about the girl because she came to our party with her dog in a purse so maybe i started it

but he took it too far

Saw this on my way to work. It's on Fifth Ave between 42 & 43rd St. Any idea who is behind it?

I talked to them about frames and that's how I found Metasil. Exchanged a couple of emails with the CEO and they are opening new stores in Atlanta and Miami — backed by a real estate mall.

@Janine Yorio Let me know if you'd like to have Nick's contact :) I think Mona is planning a hackathon there. (edited)

Thought about if we wanna do something there for the Row.

Reach out to him and see if he wants to do an event?

maybe i started it

Thursday, June 2nd ⌄

but he took it too far

i was calling her "dog in a bag"

Kathy Yost 6:14 AM
Joking about a dog in a purse is not asking for sexual updates

Janine Yorio 6:14 AM
true

but i was trying to be famliar

Kathy Yost 6:14 AM
It's gross and most people (humans) know not to do this

Janine Yorio 6:14 AM
and i think that confused him into thinking we wwere friends not coworkers

yes you're right

nobody else on the team would do this

Kathy Yost 6:15 AM
No one else has

Janine Yorio 6:15 AM
literally nobody

it's just common decency

Kathy Yost 6:15 AM
Yes agreed

Well I guess I'll wait to see a message from Kevin - is he going to follow directions
